

RENE'S SAYS FOR SIPPING

President Allen of the New Haven to-day issued a long statement upon the commercial development of Boston Harbor. The substance of the announcement is a request that the State of Massachusetts modify the laws which have given the New Haven road of the Commonwealth the right to spend a million dollars in building a new freight and passenger siding upon this great pier.

There is a bill before the Legislature authorizing the Harbor and Land Commission to build at East Boston, not to exceed \$2,000,000 in cost.

President Allen's announcement is calculated to make people here the East Boston development and spend the money for improving the New Haven line Commonwealth Pier.

Mr. Allen points a strong picture of the big steamship and ocean freight traffic that will be handled at the Commonwealth Pier when those improvements are made.

Here is Mr. Allen's statement:

A great increase in the transatlantic steamship business of Boston is yearly increasing by the plans to that end made by the railroads. The three great companies—the New York, New Haven & Hartford, the Boston & Maine and the New York Central—are now for the first time vying in plans for the development of this port. In consequence, an enormous amount of export traffic is to be diverted to Boston. Imports will be encouraged correspondingly.

Since this traffic will be carried for the most part by the great combination steamships that only large cargo vessels with the highest-class passenger accommodations, a remarkable increase in ocean travel at Boston may be counted upon. Hence it is important that adequate provision should be made for the convenience of those who will be passengers from Boston to and from New York and other ports.

Urges South Boston Pier.

The Commonwealth pier at South Boston offers exceptionally good opportunities for accommodating the transatlantic traffic, both freight and passenger. It is a favorable location for any other pier. In fact, it is claimed that wherever else in the harbor a pier is to be built, it will be a freight facility.

WHAT IS A TURTLE? COPT PASSES UP A TALE OF BLUM

The jury in the Webster turtle case brought in a verdict of not guilty shortly after noon today. This was at the request of Assistant District Attorney Henry Flood, who, after the defense was in, asked Judge Justice to instruct the jury to make such a finding.

After the verdict, Mr. Flood declared that the government still held to its contention that the turtle was a quadruped and not a biped. During the evidence, it was the defendant it became known that the turtle's name was Bertha and not John, as was first supposed.

The case was one in which John H. Webster, manager of Hild's Café on Federal street, appealed from a decision in the lower court giving him \$25 for cruelty to animals in keeping a 100-pound turtle on its back in the grill show window.

The jurymen and spectators listened with intense interest while Professor Robert M. Yerkes of Harvard was exhibited from the standpoint of science the claims of the turtle and the claim that the turtle was a quadruped.

With Leo Friedman as his attorney, Mr. Webster took the case up to the higher court on the ground that a turtle is not an animal, and therefore cannot suffer.

The case is prosecuted for the State by Assistant District Attorney Henry Flood. The complainant is the Society for the Prevention of Cruelty to Animals, through Harvey H. Fisher, agent.

The trial began yesterday. Ascent Flood testified to seeing the turtle on its back with its eyes red and protruding, and the "tortoise" was suffering terribly.

The second witness yesterday was Professor Yerkes. He testified as an expert on turtles, and the "tortoise" was suffering terribly.

Q—Would you say, professor, that a turtle is an animal? A—Yes, I would say that it is.

Q—Is it a biped or a quadruped? A—The turtle is higher in development than a fish. It is a biped.

SENATE DALLIES WITH TIME TO STAVE OFF DEMOCRATIC VICTORY

By JOHN TEMPLE GRAVES.

WASHINGTON, May 5.—The Senate yesterday for the first time since Monday noon, the Senate adjourned until 2 o'clock Monday noon.

The Senate adjourned until 2 o'clock Monday noon.

The extra session is thirty days old today.

There have been twenty-one sessions within the month. The average of the Senate is a session every two days and 12 1/2 hours a week.

There are then one hundred and forty-two working hours of the extra session which might have been employed by the Senate in the consideration of public questions.

The Senate has consumed only about one-third of the time which it has at its disposal. It has only considered one bill, the Revenue Bill, and has only passed one bill, the Revenue Bill.

A POPULAR ERROR

THAT RHEUMATISM IS DUE TO COLD, WET WEATHER.

The Trouble Is Rooted in the Blood and Must Be Fought There, Not on the Surface.

Many people believe that the twinges and tortures of rheumatism are due to cold, damp, or wet weather, and treat themselves by rubbing with liniments. This is a serious mistake, and one which allows the disease to progress to such an extent that it is often difficult to get it out of the system. Rheumatism is a disease of the blood and can be cured only by driving the rheumatic poison out of the blood. There is no medicine that will do this except Dr. Williams' Pink Pills.

They actually make the nerve, rich, and blood, which drives out the poison, builds up the system, and makes the sufferer well and strong.

Miss Mary L. Stanley, whose address is R. F. No. 4, Rutland, N. Y., writes various treatments for rheumatism but without relief until she took Dr. Williams' Pink Pills. She says: "I suffered from inflammatory rheumatism for over a year and when it first came on I paid but little attention to it, as I thought the occasional swelling and feeling was due to my knitting too tight. In the winter I took cold and the pain became rapidly worse. They were curiously in my arms and shoulders and were so bad at night that I could not sleep nor rest. Whenever I tried to move from my bed and my hands would tremble as though I had palsy. My fingers were so swollen and stiff at the joints that I could not close them. Our doctor treated me for about four weeks, with poultices and blisters over the shoulders, but I felt no relief and gave him up. Dr. Williams' Pink Pills, very soon I felt better and after taking a few boxes was entirely cured. Now that time has never had the slightest return of the rheumatism."

Dr. Williams' Pink Pills are also very highly recommended for anemia, after-effects of the grip, stomach trouble and all general run-down conditions because of their power to make new, rich blood. If you are interested in the remedy that cured Miss Stanley, write today for a copy of the new edition of the book "The Cause of the Blood."

It contains information that may save you money and suffering. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of \$2.50, 60 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

Representative, three hundred and thirty-nine in all, had organized the committee and announced their readiness to work within three days after adjournment. The direct election bill had been passed, and within three days after adjournment the committee had organized. The committee had organized, and within three days after adjournment the committee had organized.

But the Senate is not ready to take the bill. The Senate is not ready to take the bill. The Senate is not ready to take the bill.

The Senate is not ready to take the bill. The Senate is not ready to take the bill. The Senate is not ready to take the bill.

There is this definite line of promise, however, that breaks out of the struggle. The Senate is not ready to take the bill. The Senate is not ready to take the bill. The Senate is not ready to take the bill.

Hail to the Flag!

THE Boston American Flag Dept. is prepared to place this handsome specimen of "Old Glory" in every New England home. This Flag is a 5-foot house design—made of fine woven soft bunting—sewed stripes—fast colors. You'll want just such a flag as this to display from the porch or windows of your home on Decoration Day and July 4th. Here is YOUR chance!

DESCRIPTION OF THE FLAG—Five feet long by three feet wide. Made of specially woven soft hunting. Sewed stripes. Fast colors. Not the cheap glazed printed kind, but warranted fast colors woven into the cloth. Guaranteed to stand wind, sun, weather and rain. Stripes are sewed throughout with two rows of stitching in hem, with fastened corners. End of flag has heavy canvas band with large brass grommets for rope.

HOW TO GET ONE—Simply clip the FLAG Coupon on Page 2 from the **Daily and Sunday American**. Save these until you have seven (7) consecutive dates, then send them, together with 35c to cover the expense of freight and mail charges, and we will immediately forward one to you. All Mail Orders must be sent to Flag Dept., P.O. Box 3047, Boston, Mass. Not responsible for mail orders sent to any other address or for cash sent through the mail. Send P. O. Money Order, Check or Stamps. **That's the Whole Story!**

Notice!—The tremendous demand for these flags last year could not possibly have been anticipated. Now we are fully prepared! We can immediately supply any possible demand! There will be no waiting in line or vexatious delay of any kind. Mail orders will have prompt attention.

COMPARE OUR SUPERB CLOTHING VALUES

Compare Our Qualities, Compare Our Styles and Prices with what is offered in other stores. By comparison only can you determine values. With ample capital, courage and ability, we have made it possible for any honest man or woman to dress better and more economically than ever before. We submit the products of the leading manufacturers of the country at prices fully ten to twenty-five per cent. below what is asked elsewhere for similar merchandise. This is made possible only by our extensive and ever-increasing volume of trade.

"A Charge Account"

We will gladly open a charge account with any honest person, regardless of color, creed, nationality or commercial rating. Our liberal business policy enables any working man or woman to have such clothing as they want, when they want it, to be paid for in convenient partial payments while earning the money.

Clothes—Absolutely Right
More Perfect in Fit Than Even Custom-Made
This Stein-Bloch-Posner alliance has slipped right into the front rank of Boston Clothes Shops in these few months, simply on a basis of merit—of better clothes for less money than was thought possible by many. The tremendous selling already done demonstrates public approval. Today we invite men and young men to see what hundreds have already approved.
Stein-Bloch Smart Suits
The custom tailor—the man of tape-line and shears who measures you from head to foot—who calls you in to spend an hour for "fry-out"—who finally delivers to you a suit which he, even, does not know if it will fit, acknowledges the superiority of these Stein-Bloch Suits. In gray, brown and tones, stripes and mixtures. Most every tailor's price would be \$18.00. Others at \$15, \$22.50, \$23 to \$30.
